QUESTIONS

"An educated unemployed or underutilized mass of professionals should be a matter of concern to countries, as much as, or more than just the ones who are uneducated or underexposed to the world that we live in..."

Our focus: "The KREAD FOUNDATION is focused to end underutilization or mal-utilization of resources where the complete country contributes to the creation of the resource."

Kread Foundation a not for profit organization in the last 2 years, has completed more than 260 Continual Medical Education Workshops and educated more than 35000 doctors along with its technological partner WatchWitz Technologies Pvt Ltd, under Kread's medical education initiative – MFCME (www.mfcme.in)

LIVE Surgical demonstrations and discussion by

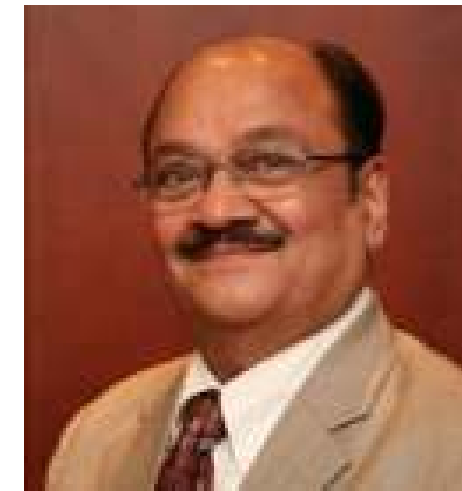

Dr. Pankaj Maheshwari

Senior Consultant and Head of Department, Urology, Aditya Birla Memorial Hospital, Pune

KREAD Teaching Center : 3

Dr. Pankaj N Maheshwari is a nationally and internationally renowned Urologist known for his work in upper tract endourology and holmium laser. He graduated (MBBS & MS Surgery) from Government Medical College, Nagpur, and later did his MCh Urology from Grant Medical College, Mumbai in 1995. Dr Maheshwari acquired his special training in use of lasers in Urology from New York Medical center and from Tauranga University Hospital at Tauranga, New Zealand. At Tauranga, Dr Maheshwari worked with Dr Peter Gilling and Dr Mark Fraundorfer, the pioneers in holmium laser prostatectomy. He is the first Indian Urologist trained in Holmium laser enucleation of prostate and is considered the pioneer of Holmium laser surgeries in Urology in India. Dr Maheshwari specializes in upper and lower tract endourology, lithotripsy, laser surgeries specially Holmium laser prostatectomy, renal transplant and andrology. He has more than 40 national and international publications and his work is quoted in the Campbell's text book of Urology.

LIVE Surgical demonstrations and discussion by

Dr. Mahesh Desai

Medical Director & Managing Trustee, Muljibhai Patel Urological Hospital, Nadiad, Gujarat

KREAD Teaching Center : 1

Dr. Mahesh Desai obtained his MBBS (1966) and M.S. in General Surgery (1970) from B.J. Medical College, Pune University. He received fellowship (FRCS) from the Royal College of Surgeons of London and Edinburgh in 1973. In U.K. he obtained specialized training in Urology. He returned to India and started his practice at Ahmedabad. Soon he realized the importance of institutionalized treatment for various kidney diseases. In the year 1976 he joined hands with Dr. V.V. Desai and established Muljibhai Patel Urological Hospital (MPUH) in a rural area Nadiad in the State of Gujarat in India with the aim of providing most modern treatment for the common man. He was the Chairman of the Department of Urology since 1983 till 12th June, 2010. He is the Managing Trustee of the MPUH and Honorary Managing Director of Muljibhai Patel Society for Research in Nephro-Urology since 16th February, 2001. Since 12th June, he is also the Medical Director of MPUH. He also holds the position of Director of Jayaramdas Patel Academic Centre.

Dr. Sanjay Kulkarni

Director, Head of Dept. Reconstructive Urology, Kulkarni Endosurgery Institute & Reconstructive Urology Center

KREAD Teaching Center : 4

Dr Sanjay Kulkarni was trained under the guidance of Richard Turner Warwick in London. During the last 25 years, Professor Kulkarni has turned his Center for Reconstructive Urethral Surgery into a leading center for the diagnosis and treatment of male urethral stricture diseases worldwide. We provide a standard of excellence ensuring the highest standards of care of our patients. Dr Kulkarni has developed many new techniques of urethroplasty and published them internationally. Dr Kulkarni is the founder director of Indian School of Urethral Surgery which is engaged in permanent educational programs for the urologist who is interested in in-depth theoretical and practical training on reconstructive urethral surgery. Dr Kulkarni is invited to conduct live surgery workshops to demonstrate urethroplasty all over the world. Dr Kulkarni is the world's leading expert for the treatment of complex posterior urethral trauma and pan-urethral strictures. He has one of the largest urethroplasty practices in the world.

Dr. Shivadeo Bapat

Prof and Head Dept of Urology Maharashtra Medical Foundation Ratna Memorial Hospital Senapati Bapat Road, Pune, India

KREAD Teaching Center : 2

Honorary Assistant Surgeon at the B. J. Medical College and Sassoon General Hospitals, Pune, India in 1968.
